

Product Wish-list

Please use this form to create a wish-list for ordering your proofs from your on-line web gallery located on my website. You can create dramatic works of art with your photographs if you plan ahead to turn a empty wall in your home into a display place for the investment of your portrait session. A framed wall collage can come in many shapes and sizes such as: several 8x10's framed side by side in collection or two 16x20 canvas prints, or standout prints placed on shelves to showcase in your home.

Remember to keep in mind that I am here to help you in the ordering process with suggestions and advice.
